CALL FOR PAPERS

The first and second CANMET/ACI International Conference on Superplasticizers in Concrete were held in Ottawa, Canada in 1978 and 1981. The third CANMET/ACI International Conference on Superplasticizers and Other Chemical Admixtures in Concrete was also held in Ottawa, Canada in 1989. This was followed by the fourth conference in Montreal, Canada in 1994, the fifth in Rome, Italy in 1997, the sixth in Nice, France in 2000, the seventh in Berlin, Germany in 2003, the eighth in Sorrento, Italy in 2006, the ninth in Seville, Spain in 2009, the tenth in Prague, Czech Republic in 2012, the eleventh in Ottawa, Canada in 2015 and the twelfth in Beijing, China in 2018. The thirteenth Conference will be held in Milan, Italy in 2022 and aims to present the latest available information in the rapidly evolving field of superplasticizers and other chemical admixtures and discuss new areas of research.

Original papers on the following topics are invited to be presented at the conference and to be included in the referred proceedings. Papers on current research will be accepted for presentation and inclusion in a volume of supplementary papers. Papers on research that has just started may be presented as posters.

- Chemistry of superplasticizers
- Development and applications of superplasticizers compatibility with cements, blended cements, aggregates, etc.
- Compatibility issues involving superplasticizers and other chemical admixtures
- Development and applications of other chemical admixtures
- Development and applications of superplasticizers and other chemical admixtures for new binders
- Viscosity modifying admixtures
- Corrosion inhibitors
- Shrinkage reducing admixtures
- Expansive admixtures
- Polymers in concretes
- Chemical admixtures for ready-mixed mortars and precast concretes
- Admixtures and binders for digital fabrication
- Testing methods and standard advancement
- Chemical admixtures and sustainable development
- Case history

CONFERENCE DEADLINE

Submission of abstract

July 31, 2020

Acceptance of abstracts and notification to authors

August 30, 2020

Submission of full-length papers for review

November 30, 2021

Acceptance of papers and notification to authors

January 15, 2022

Submission of final manuscripts in accordance with instructions provided to the authors

February 28, 2022

The full paper can be submitted by email at

aciitalychapter@gmail.com and

denny.coffetti@unibg.it

ATTENTION

When submitting abstracts, please provide the following information:

- Approximately 300 words in length
- Author(s) name(s) and affiliation
- Complete mailing address of all authors
- If more than one author, please specify with whom you wish us to correspond
